

# DRESS FOR SUCCESS

Freedom to express while **confident** and **prepared**.

Grand Island Public Schools is committed to preparing students for the variety of opportunities they will encounter whether that be in the classroom, in the arts, in a sport, or in a professional setting.

Our students deserve to be **confident AND prepared**.

At GIPS, we advocate for our students to "Dress for Success". Below are a few updated guidelines the district has provided for appearance expectations while at school.

## Attire Guidelines:

- Freedom of expression with respect to updated apparel guidelines.
- Apparel must comply with the health and safety codes and not detract from learning.
- For all students, mid-thigh to top of chest are to be covered while also concealing all undergarments.
- District required masks, approved religious attire, or protective headwraps are approved; At this time - due to safety - hoods, caps, bandanas, durags, etc. are not approved.
- Apparel that is advertising or advocating for controlled or illegal substances, or promoting a hostile environment will not be permitted.
- For grades 6-12, school issued ID shall be made visible on the upper torso.

Our goal is to help our students feel ready to engage in all the endeavors a given day may bring. Any questions regarding Dress for Success guidelines may be shared with a teacher or your building principal. GIPS is happy to provide support in our joint efforts to empower students to be confident and prepared.
